WHO CAN DRIVE?

To be eligible to lease a tax-free Peugeot, you must have your normal residence outside the European Union and be visiting the EU for less than 185 days in a 12 month period. You should also not be undertaking any form of employment during your stay.

The leased vehicle may be driven only by the Contract Holder or his/her Partner (i.e. spouse or legal cohabiting partner), direct descendants or ascendants, if they qualify for the scheme (refer "Eligibility" in our Booking Conditions) and hold valid full driving licences. Direct ascendants/descendants may only drive the vehicle

locally and cannot drive across country borders without the Contract Holder. The spouse/legal co-habitant can cross country borders, even if the Contract Holder is not in the vehicle, but if their surname does not match the Contract Holder an official document must be carried to prove the relationship (e.g. marriage certificate or similar). Other drivers (not descendants/ascendants/spouse/legal cohabiting partner) can only drive the vehicle if they meet the same Eligibility conditions as the Contract Holder and the Contract Holder is inside the vehicle and unable to drive due to an emergency or exceptional circumstances.

Note: If you hold a full New Zealand drivers licence, an International Drivers Permit (in conjunction with your New Zealand licence) is a requirement in most European countries, both within and outside the EU. All drivers are responsible for ensuring they meet the driving requirements of the countries they intend to visit.
