## CONTACT DETAILS / HOURS

p: +33 (0)6 84 97 25 47

e: [mds.geneve@mdsparc.com](mailto:mds.geneve@mdsparc.com)

o: Mon-Fri 9am-5pm

Open outside above hours/days with flight details or an appointment confirmed 5 working days in advance.

## **Special Notes:**

- To use highways in Switzerland you must purchase a 'vignette' (sticker). If you enter/exit via the French side of the airport you will not have to buy the vignette.
- If you plan to collect your car directly off your flight, and you arrive into the Swiss/International side of the airport, you will need to show your boarding pass and car documents to cross to the French side and call for the courtesy transfer to the location.
- If you are not collecting your car directly off a flight, and you make your way to the Swiss/International side of the airport, you cannot cross to the French side to meet the courtesy transfer service. Instead you will have to take a taxi or other public transport to the location, at your cost.
- After you have returned your vehicle, you will be taken to the French side of the airport via courtesy transfer only. You are unable to cross to the Swiss/International side unless you have a flight ticket / boarding pass for that day.

## COLLECTION PROCEDURE

After collecting your luggage, please take the FRANCE EXIT, then contact MDS on the above phone number. They will tell you where to wait for your courtesy transfer to the location (15-20mins away).

- **Arriving off a flight?** As long as your flight details are on your voucher/contract, please follow above procedure.
- **Not arriving off a flight?** Please phone or email the location to reconfirm your collection time 5 working days in advance, then either make your way to the location address noted above or call for your courtesy transfer from the airport (French side only). **Note:** if you are not arriving off a flight you cannot collect before 6am or after 8pm.

**Note: MDS will only wait for one hour after the arrival time of your flight, or 30mins after any agreed appointment time.**
